Sketch Map for your reference showing main features and junctions.

The sketch map shows the layout of Bramcote. A main road, A52, runs from left to right. To the left of A52 is a 'Dual Carriageway' leading 'TO NOTTINGHAM'. To the right is a 'Junction 25 M1' leading 'Derby' and 'M1'. A road branches off A52 downwards, leading 'To Stapleford' and 'To Ilkeston' (with a note 'Jun 26 M1'). A road branches off A52 upwards, leading to a 'traffic light' junction. From this junction, 'Chapel St' goes up and 'Church St' goes down. 'Memorial Hall' and 'St Michael's' are marked with squares and arrows near Church St. 'Park' and 'Swim baths' are marked with squares near the bottom of the map. Handwritten notes include: 'Leaving Church can only turn left only A52' and 'From A52 Derby St Michael approached from Chapel or Church st only'.
